Note continued:—

As directed by the Dewan in his orders on page 38 of this note, the Dy Comr was asked to report more about the stone pillars required by the Joint Secretaries of the Vishnu temple Committee of Mallesvaram. Information was also called for as to the number of the stones, their probable value, whether they are not required for any Govt purposes, and to whom and for what purpose they are intended to be given.

In reply the Dy Comr reports that the stone pillars are four in number, that they are worth Rs 25 each, and that they are not required for any Govt purpose. But as the Secretary to the Mallikarjuna temple has further stated that

Committee in the Basavangudi
& Gavipuram has previously
applied for the stone
pillars in question, as
they are nearer his temple.
than the one at Malleswaram
and as the Mallikarjuna
temple is in greater need
of them and as in his
(Dy Comr's) opinion are
more deserving of them,
the Dy Comr requests
that the stone pillars
may be made over to
the Mallikarjuna temple,
an old Muzrai Institution,
which the inhabitants
of Basavangudi are
most anxious to restore
and are taking steps to do so.

Deputy Secretary's Remarks:-

These stone pillars(4in number) are very large in size and difficult to remove. They are lying in the bed of the breached tank near Basavangudi. The inhabitants of Basavangudi who are asking for the pillars on account of the Mallikarjuna swami temple (a very small Institution) have no funds at their disposal, and they are not likely to collect any respectable sum for a long time to come for making additions to their temple.

The Managers of the Malleswaram temple have more resources and more command of funds, but the cost of removing the stone pillars all the way to Malleswara is likely to be prohibitive.

It is likely that the pillars may be required for the Mahadwara of the new temple in Chamarajendrapet now under corstruction. In fact Mr. M. S. Narayen Rao , while Deputy Commissioner of Bangalore, had intended the stone

pillars for that temple. I would therefore respectfully submit that the pillars may be ordered to be reserved for the temple in the Rajendrapet.

As regards the progress of work in the last named temple, I beg to state that the main building has been completed and the contractor paid. There remains the work of a small "Gopuram" and an unpretentious "Mandapam" both of which are very necessary and the construction of which may be entrusted to the P.W. Deptt.

I also at the same time ordered the preparation of certain stone pedestals required for placing the Lingam &ca before consecration.

The file on the subject will be separately submitted shortly.

Dewan, Mr. S. Venkata-rangiengar was requested demi officially to state whether the stone pillars were still required for the ~~Madhavaram~~ Vishnu temple at Malleswaram, and in his reply D.O. of the 23rd July, he states that they are absolutely required for the Mahadwara of the Sri Gopalakrishnaswami temple. He hopes that the pillars will be given free to the temple, considering

the heavy cost of their
Carriage. He further states
that Mr. Standish Lee
expressed that the stones
were well suited for the
purpose and that he
did not require them
for Govt. purpose.

Mr. S. Venkatarangiengar
also requests early orders
in re the renewal of the
Mungeri grant to Sri
Anjaneyaswami temple.
